How to use AGILITY GATE:

We will be using the App "Agility Gate" to keep track of the run order at this weekend's show.

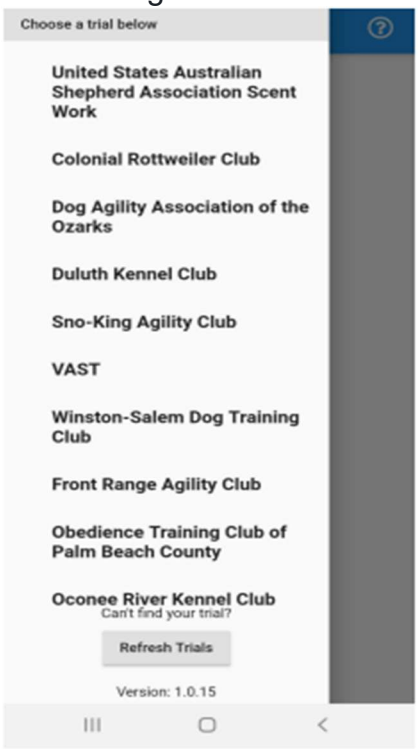

1. Go to the App Store on your phone > Search for "Agility Gate" by Roger Ly (it's a photo of an animated dog with a purple background) and download it to your phone.

2. Open the app and Find Trial.
Once the app is open, select the "hamburger menu" or 3 lines on the top left of the app. The red arrow below is pointing to the hamburger menu. Select the trial "Good Dog Agility Club" from the list that appears. The trial will not be available until Friday night. If the app asks for a trial code, type **1993** <enter>. You will be able to see each class in both rings.

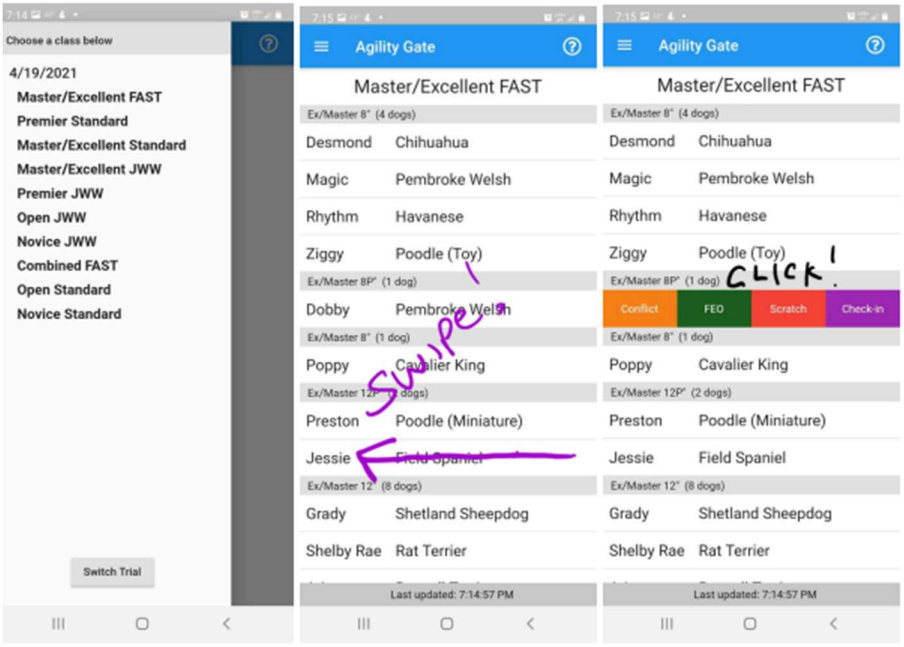

Click the hamburger

Select your trial!

2. Checking your Dog in for Each Class (available after 6:00am each day)
For each class you are entered for the day, choose that class from the list within the app. You will see the running order for that class.

To check your dogs in, click on your dog's name, > swipe to the left > select 'check in' or 'scratch' or "Conflict" or "FEO". This way the gate steward knows the status of your dog.

List of classes - select | Find your dog and swipe right to left! | Choose your option!

5. Course maps will be available on Agility gate normally by 7:00pm the night before by selecting the Maps & Files tab at the bottom. A list of classes will appear and you can download each one individually on your phone. On iPhones the maps are saved as a photo in the photos folder. If using an android phone, go to the Files app or "My files", tap on "internal storage" and then select "pictures". You should find your maps there.

Color Meanings:
Checked In (**Purple**-Jess)
Conflict (**Orange**-Kipling)
FEO (**Green**-Entitled)
Scratched (~~Black Strikethrough~~-Kaelyn)
Not Checked-In (**Black**-Fig)
Dog Ran (~~**Purple Strikethrough**~~)

Download course maps from here

6. For run order changes, please see the gate steward for the class. Gate stewards can move your dog in the running order. They will have an IPad to mark each dog as they step to the line so that you know exactly when you need to get ready to walk to the ring and get ready to run! **Please be at the ring at least 3 dogs before it's your turn to run. Enter the ring when the gate/judge instructs you to enter.**

ANY issues, see the gate steward or the Agility Gate Super Users and they will help you!
